We purchased this bull as a yearling and have used him for five years, therefore, most of our Shorthorn cow herd are his daughters and we must part with him. I'm sure he has many years of breeding left. He has certainly done a great job for us, otherwise we wouldn't have used him for five years. We showed him in 1972 in many shows where he was Grand Champion several times. He has produced Grand Champion sons every year since 1973.
